With all the discussions on the Federal and State level about taxes going up, going down, new taxes, etc – do we really know what's current and what's not? This general/overall tax update regarding what's changed, what may change and what companies should prepare for is a much needed topic.

Greg is an expert in this field and will touch on changes/updates in Federal and State tax laws, sales/use taxes, payroll taxes, etc. He will tell us what we need to know, and what we need to do to prepare ourselves for 2012.
